Septic Quote Questions - Suffolk County

1. What exactly is included: pumping, inspection, repair, or a full replacement, and which parts of the system are covered?

2. How is the job priced: by pumping, by job, by system size, or a flat scope price, and what would change the price?

3. Who does the work, your own crew or subcontractors, and what permits does Suffolk County require for this job?

4. Is this a conventional system or an I/A (nitrogen-reducing) system, and what does the SCDHS permit process involve?

5. What does the written quote cover, and what would change it once work starts?

6. What cleanup and restoration is included at the end, and what happens to the old tank or cesspool?
